TIPS ON HOW TO TAKE CARE OF YOUR NIKKEN PRODUCTS

KENKO PAD

- Never expose your Kenko Pad to direct sunlight or high temperature.
- Lay the Kenko Pad on flat surfaces only. As much as possible, do not fold.
- If Kenko Pad must be folded, first lay the pad according to how you received from shipping (tri-fold for demo twin and queen sizes and bi-fold for king sizes, label side in).
- To clean, first remove the soiled outer covering from the Kenko Pad.
- Professional dry-cleaning for the cover is highly recommended.
- You may use a soft cloth lightly moistened with water (and mild soap, if necessary) and attempt to clean the soiled area.
- Do not let children jump on top of the mattress.
- Never submerge in water or machine wash.
- Air dry in shady area, away from direct sunlight.

KENKO PILLOW

- Never expose your Kenko Pad to direct sunlight or high temperature.
- Never fold or bend your Kenko Pillow.
- To clean, first remove the soiled outer covering from the Kenko Pillow.
- Professional dry-cleaning for the cover is highly recommended.
- You may use soft cloth lightly moistened with water (and mild soap, if necessary) and attempt to clean the soiled area.
- Never submerge in water or machine wash.
- Air dry in a shady area, away from direct sunlight.

KENKOTHERM COMFORTER

- Professional dry-clean only.
- Attempts to vacuum, beat wash or perform home dry-cleaning may result in damage to these products.
- For further protection, put a cover on the comforter. This will not reduce the efficacy of the product.
